Method of PreO/Relay:

In addition to the traditional PreO course, there will be a Time Control station and a TempO station. CHIS Cup results are given by the PreO course and the results of Time Control station. (Number of good solutions + TC time result) The Hungarian Team/Relay Championship results from the result of the PreO course and the TempO station (TempO result in seconds + 60 seconds for PreO mistakes) Competitor, who started only CHIS Cup, the TempO station does not count for the race but it can be solved outside the race.

The relay teams are made up of two people, but teammates are not required to compete for each other.

Zero tolerance: 10 meters without except, on the course "A" there is no zero task.

Prizegiving: At the end of the race, it is expected from 15:00
