Terrain: The best terrains of the county have a rich contour character due to sand dunes created by the wind. The relief or the terrain is highly varied but of small elevation of approx. 10-20 m, so maps are drawn with 2m contour intervals. Terminology for the local native flora is 'forest steppe', an open grassland mixed with smaller and larger forested areas and juniper bushes and rectangular pine forests. Due to its characteristics the terrain enables a high running speed but also present an orienteering challenge.

Map: JWOC 2018 maps in 80%, map scale 1:10000 with 2m contour interval, surveyed in 2017-2018.

Time keeping system: During the event SI time-keeping system will be used. Please submit your SI card number in your entry. SI card rental fee is 1 EUR/competition.

Prize-giving ceremony:

JWOC Tour 2018: Prizes are given on the basis of the overall results of four days to the competitors ranking 1-3 in each class.

PVSK Cup: Prizes are given to competitors ranking 1-3 in each class.
