From the first race (held in Lillafüred on 29 May), 12 male and 12 female competitors qualified for the semi-finals on Sunday. The results of the individual sprint race on Saturday 9 September will determine the field of 24 for the semi-finals. The places will be decided by the combined results of the 18-20-21 categories. This will make up the 24 person semi-finals, with four six-runners races. From the semi-finals I, 3-3 runners will advance to the semi-finals II, resulting in a field of 12. The two heats of the semi-finals II will also result in 3-3 runners advancing to the six-runner final. The final result of the Sprint League will be the final result of the knockout sprint.

**Due to the above, it is not necessary or possible to enter separately in the F/N21E category, everyone should enter in their own category (M/W 18, 20, 21) and will automatically be transferred to the M/W21E category on Sunday in case of qualification for the Sprint League.**
