Information

Competition Centre (CC): Pusztamarót camp (47° 41' 18"É, 18° 31' 12"K). Getting there: from Budapest via Budakeszi – Páty – Zsámbék – Szomor – Bajna, from Bajna towards Nyergesújfalu, after about 5 kms turn left (W) at the signs. It takes about 15-20 minutes from here along the dirt road to reach the CC. In the CC we provide tents to change, mobile WCs and shower possibilities. Hot and cold meals and drinks are available on all 3 days.

Parking: please follow the instructions of the parking personnel. Distance between the parking area and the CC 100-300 meters. The area of the CC is private property, please keep it in mind.

The areas of the Historical monument and the cemetery are open for visiting only.

Local transport: There will be no organised local transport, but if you have problems reaching the CC, please let us know in advance or at the registration.

Registration: In the CC on Friday, April 27. 19:00-20:00 o'clock, on Saturday, April 28 9:30-11:00 o'clock. On days 2 and 3 at 8:30-9:30 o'clock.

Relay: detailed entries for the relay on Sunday to be presented by 12:30 the same day.

Start numbers: Start numbers are to be worn visibly on all 3 days of Tipo Cup and the Tipo Relay. No start numbers in the Open categories.

Accommodation: Those staying in the cottages or at the camp site will receive an armband, to be worn till the end of the 3day event. Both cottages and the campsite are located in the CC. (See map below.) No bedclothing provided in the cottages.

Szélrózsa Night Orienteering: one-day night competition, national ranking event.

Tipo Cup: Three-day national ranking event. Day 1 long distance, Day 2 middle distance, Day 3 long distance with chasing start.

M50A: On the first day of Tipo Cup an additional M50AH class will be organised as the Hungarian Long Distance Championships in this category (due to unfortunate mishappenings at the Champs a few weeks earlier). Therefore the chasing start on Day 3 will be calculated based on the results of the joint M50A on Day 2.

Tipo Cup Relay: 3x2 system, where all three runners of each team run 2 different courses (Courses A and B). The Leg 1 runner will take Leg 4, Leg 2 runner will run Leg 5 and Leg 3 runner will take Leg 6. All legs are between 2.3-2.5 kms. Teams of any combination, regardless of age or sex, may compete.

Open categories: Open categories start from a separate start corridor on all three days. Any starting time possible with at least 1 min. time-gap between two runners, during the starting period. Starting tickets received at registration are to be presented at the start. No chasing start on Day 3.

Category changes: Due to lack of entries no W65 category will be organized. On the Szélrózsa Night event the following categories were removed: M16B to M18B, M40A to M35A, M50A to M45A, M60A to M55A, W16B to W18B, while W21Br, W35A and W70A won't be organised.
