Get the green sport green out!

„The orienteers are nature lover, environment-abiding sportsmen.

The "Get the green sport green out" program is to consciously paying attention to reduce the environmental impact caused by the orienteering events. We want to allow more people to travel full wagon / carriage full of competitions (<http://www.oszkar.com/>), selective collection of garbage, less plastic cup run at the refreshment, use less paper - ie.: result broadcasting - and when it does, select recycled ones.

The cafeteria options for vegetarians', use paper plates instead of plastic. In the "Green tent" happy to share with you the details of the program, and you can ask questions in a variety of interesting information is welcome! Join us and bring your own cup to the competition - or even if you do not have one, you can win one! ;)

The program is implemented by the Norway Civil Found can help. "

The organizers adapt the principles of the program therefore encourage the participants to:

- Do not forget to bring your own glasses for refreshment
- use your car full loaded with people, if it is possible you!
- Pay attention to the selective garbage collection at the Event Centre

Thank you

The participants (athletes, escorts, spectators) agree that pictures, video recordings taken in the competition - contrary in the absence of a written statement - including the internet can be published in printed and electronic media.

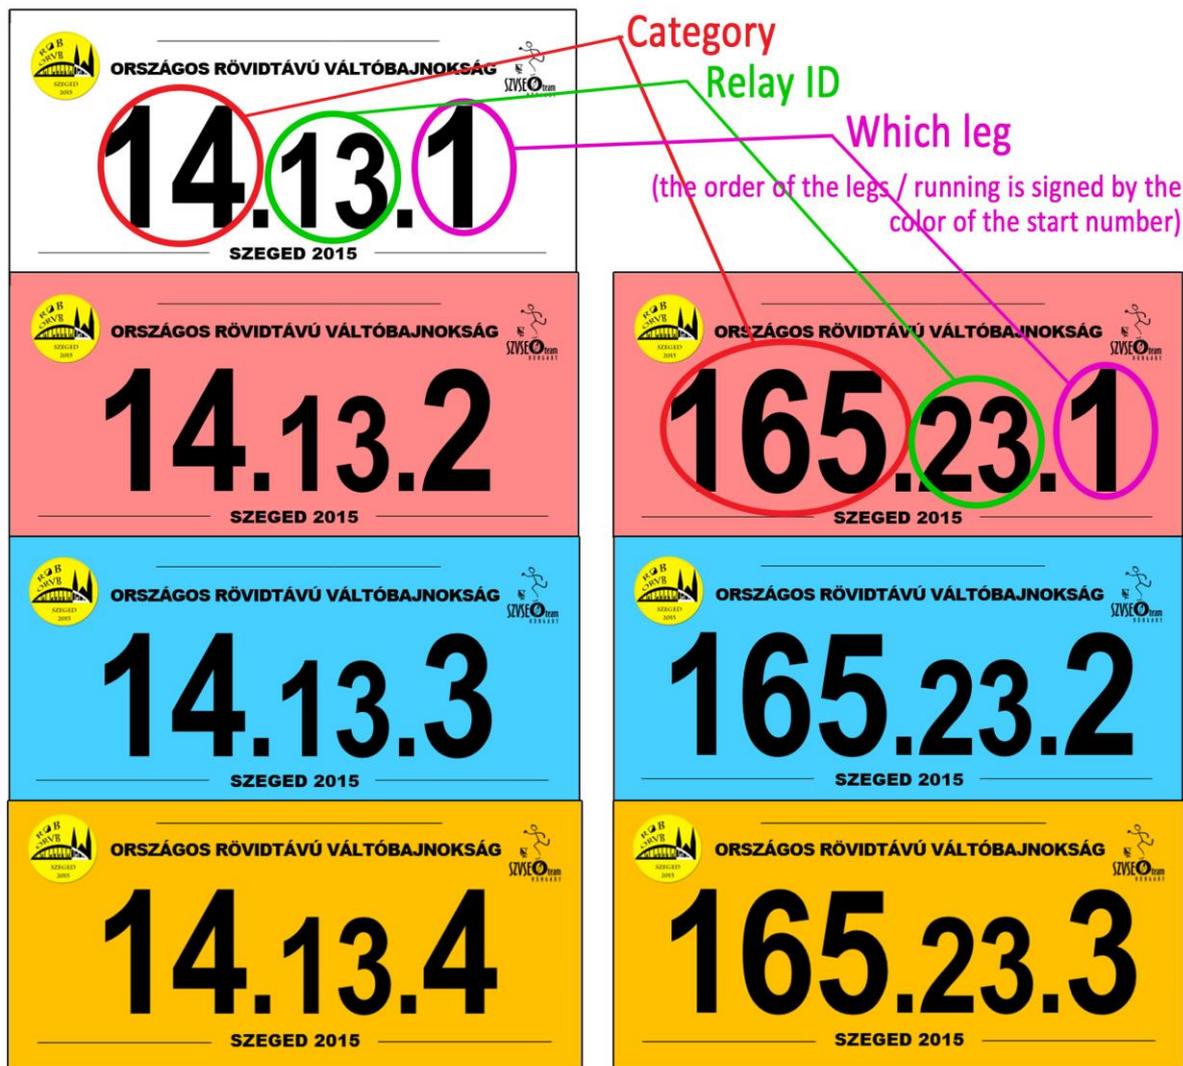

Have a pleasant and successful competition!
